

We want to make sure everyone has an enjoyable Festival experience. Please share this with those who might benefit from this information.

This year, for public safety reasons, golf carts will be used to transport performers & staff only. Golf cart rides will no longer be available to Festival-goers. We ask that all festival-goers who will need assistance getting around the Festival site make other arrangements ahead of time. Wheelchairs can be rented from Black Bear Medical Supplies at a very reasonable rate - 1113 Stillwater Ave, Bangor, 1-877-989-9849. A number of Festival shuttles travelling to and from Bass Park to Railroad Stage and to the Children's Village will still be handicap-accessible, and we will identify specific seating areas for folks in wheelchairs (or with special seating needs) at each stage.
