

Thank you for volunteering for the **Ice and Water Brigade**

Before the start of your shift, please check-in at the **Operations Center (located at the corner of Railroad and Summer Streets – look for the trailers.)** Ask them to contact Barb, and she will meet you there.

Here's what you can expect:

You will help distribute ice and water to food vendors, vending booths and backstage areas. It is a physical demanding, busy job that will give you a good work-out!

Make sure you have:

- warm clothes
- a change of clothes (you might get wet!)
- good shoes
- work gloves

Your coordinator is Barb St. Peter.
